

How to Clean & Disinfect FLOORS

- 

Select an appropriate WAXIE disinfectant that works on hard, non-porous surfaces.
- 

Put on your safety glasses and gloves.
- 

Dust mop or sweep area before disinfectant application.
- 

Consult product label for dilution instructions.
- 

Apply product solution to the floor with a damp mop or auto scrubber.
- 

Allow surface to remain wet. See product label instructions for appropriate dwell time.
- 

Allow disinfected surfaces to air dry.

Recommended Product:

HP Disinfectant Cleaner

Read all product instructions carefully for proper use and maximum effectiveness.
